
ARASE EVENTS

ARASE sponsors the Junior Academy of Science and the Alamo Regional Science and Engineering Fair. Each has a Junior Division (gr. 6-8) and a Senior Division (gr. 9-12). A "School-Within-A-School" and magnet schools may enter as separate schools if they can demonstrate their separate identity from the parent school. Home schooled students may enter as individual schools or co-ops. Independent entries will be accepted under certain conditions. On-line registration starts December 1, 2011. Deadline for registration is January 20, 2012. Mail registration fees and the **School Registration Form and Student Agreement & Media Form** no later than January 21, 2012 to:

Junior Academy of Science (JAS)

Middle schools may enter **15 STUDENTS**. High schools may enter **22 STUDENTS**. Middle / Junior High schools with 9th graders will be placed in the Senior Division. Students deliver a 12-minute or less oral presentation on their scientific research before two judges within a category. Vertical displays, posters, or video tapes are not used. Overhead projectors (Elmo) are provided. PowerPoint presentations are not permitted. The State Academy of Science at Texas A&M University does not allow PowerPoints. Printed materials and transparencies may have PowerPoint format. The Elmo can project printed material and photos. Two copies of the report (no longer than 20 pages including the title page) are given to the judges at the start of the presentation. The font size should be 12 pt. or a minimum of 10 pt. with double spacing or 1.5 minimum line spacing. Staple reports in the upper left-hand corner. Binders, folders, data book, photo album, and previous reports of continuing projects or any other materials are not accepted. There are ten or less presenters per room. **Only one** presentation per student is allowed. Teachers and parents are welcomed to attend the presentations. However, videotaping and photo taking are **NOT** permitted. There are no team project presentations. Entry Fee for the Junior Academy of Science is **\$15 per student**. **No refunds** after January.

Alamo Regional Science and Engineering Fair (ARSEF)

Middle schools may enter **15 PROJECTS**. High schools may enter **22 PROJECTS**. Middle or Junior High schools with 9th graders will be placed in the Senior Division. Projects are classified as **Individual** or **Team** projects. Each school may enter no more than 3-Team Projects, one per Sub-Fair. Team Projects are optional. Teams can have **ONLY 2 members**. Team Projects cannot convert to an Individual Project or vice-versa during the current year. Students compete with a vertical display board for awards, scholarships, and the opportunity to advance to state and other higher levels of competition. **Only one project** per student or team are allowed. A student may enter a different project other than the one entered in the Junior Academy of Science. Registration fee is **\$30 per student**. Projects requiring electricity: **\$10**. **No refunds** after January.
